The CasPro Fun Casino is a great way to allow your guests to participate in something that many will never have the opportunity to experience. Everybody loves a flutter but nobody wants to lose their own money. With our Fun Casino everyone's a winner. The emphasis is not on the winning, but on the enjoyment value of participating.

To make it even more special, we can theme the event to your choice. Whether it be our very special and lavish James Bond Evening, complete with full décor, magicians, look a likes, band and casino etc or maybe a Chinese Night together with dancers and acrobatic troupe. The Gangster Night with "Speakeasy" casino is another sure-fire winner and recommended for people who like to attend in fancy dress.

We can supply any gaming tables you require, but through our experience we find the following are the most popular; Roulette, Blackjack, Chinese Craps, and Poker. All tables are full size authentic gaming tables, as you would see in a real casino. They are individually lit and come complete with experienced personality croupiers, fun money, chips and all ancillary equipment to make it a successful event.

American Roulette: Fortunes won and lost on the spin of a wheel. Very popular due to its fast pace and varying odds. The object of the game is to predict on which slot the roulette ball will stop in by placing chips on the marked playing area. Exciting for first time players and veteran gamblers alike, the only limit is your fun money account!

Black Jack: *twenty-one, vingt-et-un*, call it what you like the object is the same, go head to head against the dealer and obtain a higher score without exceeding 21. A great game with twist and turns, you'll have so much fun you won't know whether you're sticking, twisting, burning or splitting!

Caribbean Stud Poker: A great introduction to poker. The thrill and excitement of poker, without the complicated raising and blinds you've seen on James Bond. You are dealt 5 cards, you can either call or fold, any hand beating the dealer wins. A great game to really 'up the ante' on your event!

Texas Hold'em: The very popular game that seems to have taken the world by storm. The game where a sober face can be the difference between winning and losing. Best run as a tournament with a set number of players. Bluff and Bet your way to be a millionaire!

Chinese Craps: If cards aren't your thing, why not try a dice game. A nice easy game with the same principal and swift pace of Roulette. Betting on the roll of three dice by placing chips on the marked playing area. Visually very impressive. Remember to kiss the dice for luck!

Chuck-a-luck: Very similar to Chinese Craps, betting on three dice. However the betting is much simpler, ideal for first timers.

Wheel of Fortune: The clue is in the title. Visually very stunning wheel complete with table playing area. Similar to roulette, place your bets on the coloured squares and hope lady luck is smiling on you. ...but when the wheel stops spinning, will you be smiling?
